

Judge Morrow as the horse having the best chance to win. This is to his credit, no doubt, but it will be well if the name can be changed. He has been asked of him in his work. He is in the best position to know what he can do. Mr. Green, owner of Green B. Morris, can get him. He certainly has the best of the weights when his past performances are considered. With 116 pounds up he has a royal chance.

Next to Judge Morrow the winner fancies Raceland. The old pony of great aptitude has been asked of him in his work. He is in the best position to know what he can do. Mr. Green, owner of Green B. Morris, can get him. He certainly has the best of the weights when his past performances are considered. With 116 pounds up he has a royal chance.

As he will probably be coupled with Longstreet or Banquet in the betting all three being owned by M. P. Dwyer, speculators will have the advantage for this is a hard to beat.

For third place the writer takes Longstreet & Company, who are the best shapes.

Cassius was to have been the candidate in this stable, for his work had been excellent.

A few days ago, however, he began to go wrong, and it was decided that Cassius was withdrawn at 11.50 o'clock this morning.

Russell.

It is said that more money has been put up on Cassius than on any other horse in the list. This, however, of course, now all goes to the bookmakers.

To sum up, Judge Morrow is preferred to Win, Raceland for the price and Cassius for the weight. As near as can be learned, the probable starters, with their jockeys, will be as follows:

Name	Weight	Jockey
Banquet	120	W. Fitzpatrick
Judge Morrow	115	Garrison
Raceland	115	Johnston
Russell	114	Littledale
Rey. Key	114	Laumberger
Longstreet	112	Hannan
St. James	110	Sims
Madison	108	Reeves
Longford	108	Ras
2nd San Fran	108	Dwyer
3rd San Fran	108	Dwyer

MILLIONS FROM CITY FUNDS.

New Laws Which Dip Deep Into New York's Treasury.

This city officials this morning estimated that it will cost the city over \$20,000,000 to comply with the provisions of the bills affecting New York's interests signed by Gov. Flucker yesterday. The legislature enacted laws for this city involving an expenditure of over \$12,000,000 and of these measures necessitating the outlay of nearly \$10,000,000 have already been approved.

The most important of the bills signed yesterday is that providing for the purchase of that part of Ward's Island not owned by the city. The island is the joint property of the city and state. The eastern half is owned by the city for the care of its insane patients, and the western half the state commissioner of institutions has occupied.

The immigration commissioners bought and managed their land and money they received from the steamship companies for freehold. The commissioners have had tax law unconstitutional, and the commissioners borrowed \$200,000 from the Engineers Savings Bank for the payment of additional land and putting up necessary buildings for the insane on the island. They also borrowed other money and still owe large sums to different counties for the maintenance of these pauper immigrants.

At this indecisiveness the city assumes, and it may also have to refund the loaned money to the steamship companies, but under the new law the commissioners will not be entitled to the land tax.

Friday morning the cat was still in the tree, and during that day the crowds increased. Some of the evident distress and anxiety of the spectators caused the police to again investigate.

She dropped! shouted the gamblers. But she hasn't. The tree is an old one and has been cut off at the top. This left a hole in the decayed trunk where the cat quietly nestled and slept. The spectators, who had come down during the evening if let alone the terrible scene, were greatly frightened and the cat was again disturbed.

They then gathered around the tree, and the cat again disappeared from view.
